# NOTES TO THE FINANCIAL STATEMENTS

## 3<sup>rd</sup> Quarter 2025

### 1. GENERAL INFORMATION OF THE COMPANY

#### **Form of ownership**

Saigon Capital Joint Stock Company ("the Company") is established under the License No. 37/UBCK-GP issued by the State Securities Commission of Vietnam dated 28 August 2008. The License and the amendments have been valid for 50 years since 28 August 2008.

Charter capital is VND 43,800,000,000.

The Company's head office is located on the 2<sup>nd</sup> Floor, Area B, No. 65 Cam Hoi Street, Hai Ba Trung Ward, Hanoi City, Vietnam

The total number of employees of the Company as at 30 September 2025 is 10 people

#### **Business field and business activities**

The principal activities of the Company are to provide fund management service, portfolio management service and consulting for securities investment.

### 2. ACCOUNTING SYSTEM AND ACCOUNTING POLICY

#### **2.1 Accounting period and currency unit**

The annual accounting period commences from the 1<sup>st</sup> January and ends as at the 31<sup>st</sup> December.

The Company maintains its functional currency in Vietnam Dong (VND).

#### **2.2 Accounting Standards and Accounting system**

##### *Accounting System*

The Company applies Accounting System issued under Circular No. 125/2011/TT-BTC dated 05 September 2011 on guiding the accounting applicable to the fund management companies.

##### *Statement of compliance with Vietnamese standards and accounting system*

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

#### **2.3 Basis of Financial Reporting**

Financial statements, excluding the cash flow statement, are prepared on an accrual basis in accordance with the historical cost principle. The cash flow statement is prepared using the indirect method.

#### **2.4 Cash**

Cash includes cash at bank and cash equivalents. Cash equivalents are short-term investments with a maturity period of no more than 03 months, high liquidity, easily convertible into a specific amount of cash, low risk of value fluctuations, and used to fulfill short-term cash commitments rather than for investment or other purposes..

## 2.5 Financial investments

The financial investments include certificates of deposit issued by economic organizations, and term deposits. The coupon received during the fiscal year is recorded as a reduction in the cost of securities for the accumulated interest prior to the purchase date, and it is recognized as investment income for the portion of interest from the purchase date. These investments are recorded at cost, net of provisions for investment impairment.

The provision for investment impairment is established at the fiscal year-end as the amount by which the carrying value of the investments recorded in the financial statements exceeds their market value or fair value.

## 2.6 Receivables

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. The receivables are classified as short-term and long-term in the financial statements based on the remaining maturity of the receivables at the reporting date.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, missing and making fleeing or expected loss that may occur.

## 2.7 Fixed assets

Fixed assets (tangible/ intangible) are stated at its historical cost. During the using time, fixed assets are recorded at cost, accumulated depreciation and carrying amount.

### *Subsequent measurement after initial recognition*

If these costs augment future economic benefits obtained from the use of tangible fixed assets are extended to their initial standards conditions, these costs are capitalized as an incremental in their historical cost.

Other costs incurred after tangible fixed assets have been put into operation such as repair, maintenance and overhaul costs are recognized in the Statement of Income in the year in which the costs are incurred.

Depreciation is provided on a straight-line basis so as to write off the cost of each asset evenly over its expected useful lives as follows:

Office equipment	04 years
Management software	05 years

## 2.8 Prepaid expenses

Expenses relate to income statement in more than 01 fiscal year are recognised as prepaid expenses and are allocated into income statement of following fiscal years.

The calculation and allocation of long-term prepaid expenses to operating expenses in each accounting period should be based on the nature of those expenses to select a reasonable allocation method and criteria.

Prepaid expenses of the Company include:

- Tools and supplies include assets held by the Company for use in the ordinary course of business, with cost of each asset less than VND 30 million and therefore ineligible for recording as fixed assets according to current regulations. The cost of tools and equipment is amortized on a straight-line basis over the period no more than 3 years.

## 2.9 Payables

The payables shall be recorded in details in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Company. The payables shall be classified into short-term payables or long-term payables on the consolidated financial statements according to their remaining terms at the reporting date.

## 2.10 Owner's equity

Owner's equity is stated at actually contributed capital of the Investors.

Retained earnings are the profit of business operations after deduction (-) regulated items due to applying a change in accounting retrospectively or to make a retrospective restatement to correct materiality in previous years.

According to Circular 114/2021/TT-BTC, which supersedes Circular 146/2014/TT-BTC issued on October 6, 2014 by the Ministry of Finance regarding financial regulations for securities companies and fund management companies, the balance of Supplementary Share Capital Reserve Fund is used to supplement share capital as stipulated in the Securities Law No. 54/2019/QH14 and related guidelines, the balance of Financial Reserve and Business Risk Reserve Fund is utilized to supplement share capital or as determined by the General Meeting of Shareholders in accordance with the Securities Law No. 54/2019/QH14 and related guidelines. The company is currently devising a plan to handle the balances of these funds in compliance with the prescribed regulations.

## 2.11 Investment trust contract

The Company receives money or securities from customers and invest in securities on behalf of the customer under the terms of an investment trust contract. Investments in securities on behalf of customers under investment trust contracts and assets and liabilities related to these contracts are recorded in "Off-Balance Sheet account" according to the guidance of Circular No. 125/2011/TT-BTC dated 05 September 2011 issued by the Ministry of Finance on guiding the accounting applicable to the fund management companies.

## 2.12 Revenue

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when payment is being made. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, and sales returns.

The following specific recognition conditions must also be met when recognizing revenue:

### *Revenue from rendering services*

Portfolio management fees are recognized in the Income Statement on accrual basis when services are provided to customers under the terms and conditions of the investment trust contract. Revenue is not recognized if there are material uncertainties related to the recoverability of the receivables.

### *Revenue from securities trading*

Income from securities trading is recognized when receiving transaction notices from securities companies and custodian banks (for listed securities) and when completing asset transfer contracts (for unlisted securities).

### *Interest income*

Interest income is recognized on a time proportion basis with the principal balances and the applicable interest rate.

## 2.13 Corporate income tax

### Current corporate income tax

Current corporate income tax expenses are determined based on taxable income during the year and current corporate income tax rate (20%).

## 2.14 Nil balances

Items or balances required by Circular No. 125/2011/TT-BTC dated 05 September 2011 issued by the Ministry of Finance on guiding the accounting applicable to the fund management companies that are not shown in these financial statements indicate nil balance.
