The Company maintains its functional currency in Vietnam Dong (VND).

2.2 Accounting Standards and Accounting system

Accounting System

The Company applies Accounting System issued under Circular No. 125/2011/TT-BTC dated 05 September 2011 on guiding the accounting applicable to the fund management companies.

Statement of compliance with Vietnamese standards and accounting system

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

2.3 Basis of Financial Reporting

Financial statements, excluding the cash flow statement, are prepared on an accrual basis in accordance with the historical cost principle. The cash flow statement is prepared using the indirect method.

2.4 Cash

Cash includes cash at bank and cash equivalents. Cash equivalents are short-term investments with a maturity period of no more than 03 months, high liquidity, easily convertible into a specific amount of cash, low risk of value fluctuations, and used to fulfill short-term cash commitments rather than for investment or other purposes..

2.5 Financial investments

The financial investments include certificates of deposit issued by economic organizations, and term deposits. The coupon received during the fiscal year is recorded as a reduction in the cost of securities for the accumulated interest prior to the purchase date, and it is recognized as investment income for the portion of interest from the purchase date. These investments are recorded at cost, net of provisions for investment impairment.

The provision for investment impairment is established at the fiscal year-end as the amount by which the carrying value of the investments recorded in the financial statements exceeds their market value or fair value.

2.6 Receivables

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. The receivables are classified as short-term and long-term in the financial statements based on the remaining maturity of the receivables at the reporting date.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, missing and making fleeing or expected loss that may occur.

2.7 Fixed assets

Fixed assets (tangible/ intangible) are stated at its historical cost. During the using time, fixed assets are recorded at cost, accumulated depreciation and carrying amount.

Subsequent measurement after initial recognition

If these costs aument future economic benefits obtained from the use of tangible fixed assets are extended to their initial standards conditions, these costs are capitalized as an incremental in their historical cost.

Other costs incurred after tangible fixed assets have been put into operation such as repair, maintenance and overhaul costs are recognized in the Statement of Income in the year in which the costs are incurred.

Depreciation is provided on a straight-line basis so as to write off the cost of each asset evenly over its expected useful lives as follows:

▶ Office equipment	04 years
▶ Management software	05 years

2.8 Prepaid expenses

Expenses relate to income statement in more than 01 fiscal year are recognised as prepaid expenses and are allocated into income statement of following fiscal years.
